

Welcome to HT turbotech

HT turbotech is an Audi and Volkswagen specialist that was founded in 2002 by Daniel Thériault. Daniel has over 17 years of experience as an Audi and Volkswagen technician with numerous years of performance tuning and custom fabrication experience as well. HT is conveniently located at 3755 rue Isabelle, Suite 103 in Brossard (just minutes from the Champlain bridge), Québec, Canada.

HT's mission is to provide the best quality repairs, maintenance, parts, performance tuning, and custom fabrication for our customers so that they can get the most out of their Audi or Volkswagen. Our work and parts are provided at competitive prices without compromising our commitment to quality.

HT technicians are:

- Highly qualified with years of industry experience.
- Proud of their work and they aren't satisfied until you are.
- Meticulous – all work is done to surpass OEM specifications.
- Approachable – they are glad to answer your questions or listen to your suggestions.

Our operating hours are Monday to Friday 8am - 5pm.
