

David Greer appointed as Service Manager

HT turbotech is pleased to announce that David Greer has been appointed as its new Service Manager. As HT's Service Manager, David will be responsible for managing HT's fast growing list of customers and ensuring the best level of service.

David has been driving and modifying VWs since 1991, starting with his first Scirocco, and is still the proud owner of a Passat and a Scirocco. He worked 4 years as a Service Advisor at Vaudreuil VW, where he developed a loyal client base. David has an excellent reputation for honesty, technical knowledge, and a strong dedication to his customers. "The opportunity to have David working with us means that HT now has the customer service that matches the excellent work that we do in the shop. Our customers will definitely appreciate David's helpfulness. It also allows me to focus on our growing business." said HT owner Daniel Thériault.

David is ready to schedule your appointment or answer your service questions whenever you are ready. Contact him at 450 444-4816 or david@htturbotech.com.
